✓ 1. [REDACTED] LEGISLATION Spoke with Mr. Stephen Bryen, Senate Foreign Relations Committee staff, and Mr. Everett Bierman, Minority staff, House International Relations Committee, regarding disposition of S. 3439/H. R. 13680, the International Security Assistance and Arms Export Control Act of 1976, which had been in conference yesterday and today. The conferees had concluded action on the bill and the Senate receded on Senator Clifford P. Case's (R., N.J.) floor amendment which would have amended the reporting requirements of the Case Act. Mr. Bryen noted in addition, however, that strong language in support of the Case amendment would be included in the report and that the amendment would be tacked on to the next appropriate bill.

OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 15 June 1976

1. [REDACTED] LIAISON Talked with Bill Miller, Staff Director, Senate Select Committee on Intelligence, regarding the National Intelligence Daily. It was agreed he would let us know when he wants to have it delivered and to whom.

I later talked with Miller and advised him of the letter we received today from Senator Robert Morgan (D., N. C.) concerning what we believe is the ICG. Miller said he never saw the letter and was surprised the Senator had sent anything like it. He said the Senate Select Committee to Study Governmental Operations With Respect to Intelligence Activities was aware of the ICG. He said he would speak to Senator Morgan about the letter.

15. [REDACTED] LIAISON Talked several times to Ted Ralston and Bill Miller, both on the staff of the Senate Select Committee on Intelligence, regarding their request for a copy of an NIE. After discussing this with [REDACTED] and Dick Lehman, D/DCI/NIO, it was decided not to send the NIE, but to offer to have Mr. Bush bring one and show it during his briefing of the Committee on 16 June. This did not satisfy Ralston, but he said the Committee would not go to battle over a ten-year-old NIE.

16. [REDACTED] LIAISON Per a request submitted to Mr. Angus Thuermer's office, Assistant to the DCI, I mailed to Toni Inniello, on the staff of Senator Jacob K. Javits (R., N.Y.), two copies of the Agency publication entitled "A Study of Climatological Research as it Pertains to Intelligence Problems."

17. [REDACTED] LEGISLATION Spoke with Dr. Benjamin Cooper, on the staff of the Senate Interior and Insular Affairs Committee, regarding a pending amendment by Senator Floyd K. Haskell (D., Colo.) to the Federal Energy Administration Extension Act of 1976. The amendment, which is similar to an earlier bill by Senator Henry M. Jackson (D., Wash.), would establish an Energy Information Office in FEA that could draw on energy-related information and work-product of other agencies. I discussed with Dr. Cooper the matter of ensuring that any Agency interests be taken care of and we agreed to be in touch at such time as the FEA bill goes to conference.

18. [REDACTED] LIAISON I took a call from Rick Gilmore, on the staff of the Subcommittee on Multinational Corporations, Senate Foreign Relations Committee, who stated that the Chairman of the Subcommittee, Senator Frank Church (D., Idaho), was inviting Director Bush, Dr. Henry Kissinger, Secretary of State, and Mr. Earl Butz, Secretary of Agriculture, to testify before the Subcommittee on 28 June on the subject of international grain trade. The session is to be open. Senator Church would like the Director to testify on the implications of increased export of grain, changes in world production, changes in export/import patterns, climate effects, etc. I thanked him for the alert.
